NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received an application for Groundwater Discharge Permit #NEV2008509 from the following applicant:

Winner Properties LLC
9601 Orient Court
Las Vegas, NV 89145

The Permittee owns the light industrial property located at 14291 Lear Blvd, Reno, NV and operates a groundwater remediation system at the site. The treatment process consists of filtration, followed by removal of volatile organic compounds associated with previous industrial use of the site with activated carbon adsorption. The design capacity of this pump and treat system is 11 gallons per minute. The treated water is discharged to a storm drain, which conveys the water to an unnamed seasonal lake (playa) located approximately ¼ mile NE of Silver Lake, Reno-Stead, Washoe County, NV. The unnamed lake is shallow and evaporates to a dry desert playa surface annually. The Division has made the tentative determination to issue the proposed discharge permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on August 18, 2008, either in person or by mail to:
